

Blue Fin Boats

Built With Pride

Barracuda Plate side boats

About the Barracuda

Offshore fishing grounds are now as easily accessed as your local waters with the stylish and practical Barracuda. The full pod, plate sided, side console boat has a raised casting platform up forward with plenty of storage underneath.

"A quick look over the Barracuda and you don't need to be Einstein to appreciate that this hull is built very strongly. 3mm topsides and 3mm pressed bottom, decks and transom, and ribs every 300mm approx. make it a very rigid and strong hull - perfect I would suggest, for a boat that is equally at home in open sea as well as estuary situations". (Barry Tyler - The Australian Propeller Magazine)

Specifications

Model	Length overall	Beam mm	Hull depth mm	Weight kg	Max HP	Bottom sheets mm	Front deck mm	Side sheets mm	Transom height	Fuel tank
