

# Blue Fin Boats

Built With Pride

Cobia

Plate sided boats

## About the Cobia

The 5.0mtr Cobia evolved from the ever popular 4.5mtr Barracuda to satisfy the boater who wanted a boat with a bit more horsepower that could handle offshore work more readily.

The 5.0mtr Cobia is rated to 90HP with the standard 3mm bottom and up to 115Hp with an upgrade to a 4mm bottom. The boat is standard with 3mm plate sides giving the boat a clean and modern look with plenty of strength. The wide side decks, high sides and transom, and a full pod make this ideally suited to bay and close offshore use and the front casting deck with storage beneath makes fishing a pleasure.

The Cobia is fitted with a side console that has a room to mount sounders and other navigation equipment behind a tinted screen. The 110ltr under-floor fuel tank gives the Cobia a great working range and the easily driven and well behaved hull offer a comfortable safe ride. There are a range of options that are available to customize your boat. Options include a 90ltr polyethylene livewell, bait tank, bait board and rod holders and the excellent paint finish that is available in any colour that you wish. Decals are matched to the paint colours and are included.

## Specifications

Model	Length overall	Beam mm	Hull depth	Weight kg	Max HP	Bottom sheets mm	Top sides mm	Side decks mm	Front deck mm	Transom height	Fuel tank
Cobia 5.0	5.20 m	2150	1100 mm	~ 430	90 / 115	3.0 / 4.0	3.0	3.0	3.0	Long	110 l
