

# Blue Fin Boats

Built With Pride

Gulf Explorer Centre Console

## About the Gulf Explorer

The Blue Fin 5.35 Gulf Explorer features our improved hull design with a finer entry angle giving the boat a longer sleeker look and an softer ride. With its increase in beam it has allowed for a much wider fold down Centre Console and seat , allowing a passenger to shelter behind the screen when underway.

The clean uncluttered layout allows for easy fishing from all points of the boat and the deep hull makes it an ideal platform for offshore work.

Rated to 115Hp as standard, the Gulf Explorer can be upgraded with a 4mm bottom to increase to the maximum 135Hp. Available with a new variety of options including a front casting deck, extended duckboards and a transom door the boat can be tailored to suit your requirements.

Customize your Gulf Explorer in the colour of your choice, add a factory fitted bimini and set it up on a custom Blue Fin trailer. See your local Blue Fin dealer today.

## Specifications

| Model              | Length overall | Beam mm | Floor to Gunwhale | Weight kg | Max HP    | Bottom sheets mm | Side sheets mm | Pod mm | Floor width | Fuel tank |
