Warrior

Plate side boats

About the Warrior

The Blue Fin 4.5m Warrior was the benchmark plate sided hull designed by Blue Fin boats and was the predecessor for the now extensive range of plate boats now available in the market place.

The plate sided, tiller steered Warrior is designed to give the more adventurous boater the ability to access the variety of coastal waterways and inland river systems found throughout Australia.

“The Warrior is massive for it’s length, having a width of 2.15m, which makes it one of the widest alloy boats, for its length, in the country. The higher then average sides, which are 1.1 m overall, with a 0.6m gunwale height, give a really safe & secure look and feel to the rig.

For people like myself who have sat in the middle of croc infested streams in the north, in a low sided punt, and imagined a saurian crawling over the side, the extra high sides makes for a good nights sleep”. (Garry Smith)

Specifications

Model	Length overall	Beam mm	Hull depth	Weight kg	Max HP	Bottom sheets mm	Top sides mm	Side decks mm	Front deck mm	Transom height	Fuel tank
Warrior 4.5	4.70 m	2150	1100 mm	~ 375	60/75	3.0 / 4.0	3.0	3.0	2.5	Long	60 l
