

Specifications

DIMENSIONS

Length.....	139" / 353 cm
Width.....	48" / 122 cm
Height.....	43.9" / 111.4 cm
Weight (dry).....	980 lb / 445 kg
Rider capacity.....	3
Fuel capacity.....	18.6 US gal / 70 L
Storage capacity.....	16.4 US gal / 62 L

ENGINE

Type.....	260 hp Supercharged Intercooled Rotax® 4-TEC™ engine
Intake system.....	Supercharged with external intercooler, 52 mm throttle body
Bore x stroke.....	100 mm x 63.4 mm
Displacement.....	1,494 cc
Compression ratio.....	8.4:1
Cooling.....	Closed-loop cooling system
Fuel type.....	87 octane – minimum 91 octane – recommended

DRIVE UNIT

Propulsion system.....	Sea-Doo® Direct Drive
Jet pump.....	Aluminum, axial flow, single stage, large hub with 10-vane stator
Transmission.....	iBR™
Impeller.....	Stainless steel

ELECTRICAL

Ignition.....	Digital inductive
Starter.....	Electric
Battery.....	12 V

HULL AND COMPONENTS

Type.....	S ³ Hull™
Color.....	Topaz Mist Metallic

Tilt steering with information center

Reboarding platform with storage

Touring seat

iBR brake lever

Speed Tie™

Glove box organizer

Standard Features

HULL AND COMPONENTS

iControl	The "Brain" that integrates and controls all systems to create the best possible ride.
iS (Intelligent Suspension)	Allows the hull to move independently of the upper deck, isolating rider and passenger from the impact of rough water. Electronic adjustment, manual or automatic mode. Auto docking position, Touring calibration.
S ³ Hull	Stepped, stable & strong. Lightweight material, ribbed and stepped. Creates a low-pressure zone to reduce drag for nimble handling and rail-tight cornering.
Deep-V design	Ensures a smooth and comfortable ride in a variety of conditions, and greater maneuverability. Designed to offer an exclusive lean-in feeling when cornering.
Hinged seat	Easy-open seat with convenient stay-open support struts. Provides easy access to the engine compartment while remaining attached to the watercraft.
Touring seat	Ergonomically designed for comfort and great looks providing ultra-plush seating for three.
High-performance electric VTS™ (Variable Trim System)	Provides pre-set positions for quick settings when adjusting boat trim, maximizes acceleration and high-speed stability.
Bow and stern eyes	Designed for towing or securing the craft to a trailer or dock.
Carpeted footwells and deck pads	Offer extra comfort, non-skid surface and great looks.
Reboarding platform with rear storage	Easy access to battery, fuses and storage.
Fold-down reboarding step	Makes reboarding from the water easier and quicker.
Ski tow eye	For easy and secure attachment of ski rope.
Watertight, removable storage bin	Provides dry storage for luggage and necessities with easy access.
Tilt steering	Adjusts the steering and information center angle for maximum ease and comfort.
Interactive Multifunction Digital Information Center	Reports 34 key operating functions: Fuel level, Tachometer, Speedometer, Hour meter, Compass, Time, Fuel consumption meter, Time/Distance to empty, Altitude, Water temperature, Depth finder, Touring/sport mode, Cruise control, Slow mode, VTS, VTS preset, Suspension settings: auto and manual mode, Suspension dock mode ON_OFF, F-N-R indicator, Low fuel level, Low oil level, Low oil pressure, Low voltage, Overheat, Hi voltage, Check engine, Sensor check, Key (battery protection), Key (wrong key), L-Key / R-Key, Maintenance info, Error codes.
Digitally Encoded Security System (D.E.S.S.™)	Industry's first digitally encoded theft-deterrent system.
Foam flotation	Ride with security and peace of mind. Meets or exceeds USCG standards.
Off-Throttle Assisted Steering (O.T.A.S.™)	Provides the operator with additional steering effect in off-throttle situations for greater maneuverability.
Quick latch fuel filler design	Engine access cover (removable)
Sponsons	External exhaust cooling flush attachment
Bumpers	Special comfort hand grips
Adjustable mirrors	Wide handlebars
Reboarding handles on rear platform	Emergency floating lanyard
Rear grab handle	Seat strap
Front splash deflector	Operator's guide, instructional video and booklet
Dual drain plugs	

OPTIONS

Removable wakeboard rack	Engine temperature
Ski Mode	Advanced TEC Trailer
Lap timer	Fire extinguisher

WARRANTY

BRP limited warranty covers the watercraft for one year*

*In some markets, the duration of the warranty coverage may differ.

GTX LIMITED iS 260

ENGINE

Supercharged, intercooled 1,494 cc four-stroke, Rotax SOHC with four valves per cylinder	260 hp Supercharged Intercooled Rotax 4-TEC engine provides reliable ultra-high performance in fresh or saltwater, increased torque at low RPM, optimized power at all RPM levels and throttle positions.
Multi-port fuel injection	Better control of exhaust emission and power at all RPM ranges to reduce emissions and reduce fuel consumption.
iTC™ (Intelligent Throttle Control) system	The most advanced throttle control on a PWC. Featuring cruise control, neutral, slow mode, dock mode and a high-performance Variable Trim System. For easier dockside starts and improved maneuverability.
iControl Learning Key™	The programmable Learning Key allows you to limit the performance of the PWC based on rider skill-level. Each of the two settings can be fine-tuned using the mode/set buttons.
D-Sea-Bel™ system	Combines a series of resonators, acoustical foam and vibration-absorbing components to make Sea-Doo watercraft some of the quietest on the water.
Closed-loop cooling system	Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps out corrosive saltwater and debris.
Water/air separator	Provides maximum airflow to engine and reduces water intrusion.
Watertight digital ignition	Provides optimal energy for a consistent spark, ensuring maximum performance.
RPM limiter	Protects engine from over-revving.
Warning device	Warns operator of engine and exhaust over-heating, engine management and system failure.
Handlebar-mounted start/stop button	Engine starts and stops with single, user-friendly control button.
Tip Over Protection System (T.O.P.S.™)	Protects engine in case of turn over.

PROPULSION SYSTEM

iBR (Intelligent Brake & Reverse) system	The world's first on-water braking system. Intelligent Brake and Reverse delivers a whole new level of safety and control. With a simple squeeze of the lever, you can stop your watercraft on demand. Squeeze it again, and you shift to reverse.
Sea-Doo Direct Drive propulsion system	Delivers optimum performance with the Rotax engine.
Replaceable urethane wear ring	Provides long impeller life, less maintenance and maximum thrust.
Dual automatic vacuum siphon pumps	Continuously removes water entering the engine compartment.
Large diameter drive shaft with crowned spline design	Maintains engine and pump alignment at all operating speeds.
Stainless steel impeller	Delivers improved acceleration, higher top impeller speed and less cavitation.
Aluminum stator vanes	Handle the high-performance engine without erosion.

LIMITED PACKAGE

Additional gauge functions	Depth finder, Time/Distance to empty, Altitude.
Speed Tie™	Automatic retractable mooring lines eliminate the hassles of traditional docking lines.
Removable dry bag	Keeps contents dry and converts to backpack when removed.
Sandbag anchor	Easy way to hold your boat in one position.
Safety kit	Contains all the essential safety equipment.
Glove box organizer	Ideal to keep gear or cell phone dry; now removable and watertight.
Custom boat cover	Protect your PWC.
