

349 Dinghy

Adventure with Confidence

Rugged aluminium alloy construction makes this a unique low maintenance boat which is light enough to manoeuvre easily on land or at sea. Surrounded by the positive buoyancy™ tubes that provide the life-ring security common to all Stabi-Craft Marine boats, this tiller-steer model is an ideal inland fishing platform or tender vessel. Plug and play options are standard as well as our unique "Super Combos" such as the Camo duckshooters pack!
